

RECORD OF ENVIRONMENTAL CONSIDERATION (REC)

1. EXERCISE TITLE:

2. DESCRIPTION OF PROPOSED ACTION:

A: State which training area(s) will be used:

B: State which Bivouac site(s) will be used:

C: State the number of soldiers training:

D: State the number and type of vehicles involved in the exercise. Give the number, followed by the common name of the vehicle, followed by the military designation in parenthesis:

E: State the amount of fuel that will be brought to the exercise:

1.State how fuel will be delivered:

2.State where fuel will be stored:

3.State where fueling will take place:

4.State the contact person for the spill response team:

a.State how spills will be contained:

b.State how using unit will reimburse WHFRTC for spill cleanup if needed:

F: State the excavation requirements for the Exercise:

- 1.State the type and number of positions to be dug:
- 2.State length, width and depth of dig:
- 3.State location of dig:
4. State how excavation site will be recovered:

G: State how much noise the exercise will generate:

H: State the type and amount of explosive ordinance to be used:

- 1.Will blanks be fired: YES NO
- 2.Will there be night firing: YES NO
- 3.Will flares be used: YES NO
- 4.Will pyrotechnics be used: YES NO

I: State plan for handling any hazardous materials used for, or generated during the exercise:

3. ANTICIPATED START DATE AND DURATION OF ACTION:

Signed: _____
Type/print name and title

Date: _____

GUIDANCE FOR COMPLETION OF “RECORD OF ENVIRONMENTAL CONSIDERATION (REC)”

1. In “EXERCISE TITLE”, state the title of your exercise. Example: “Gold Cycle FTX” or “Megagold 99” or “AT May 99”. Also state your unit.

2. In “DESCRIPTION OF PROPOSED ACTION”, explain in detail, but in common English language what your exercise consists of. What actions will be conducted during the time your unit is training on the Regional Training Center? Use as many pages as you need to fully describe your actions.

A: State which training area(s) will be used: TA1 and TA2: Heavy Armor(tanks or heavier)
TA3 thru TA6: Light Armor(APC or lighter)

B: State which Bivouac site(s) will be used: Bivouac sites 2 thru 7 have gray water systems but no latrines or water hook-ups.

C: State the number of soldiers training: State the number of soldiers and unit identification (Co B-1-149th), etc.

D: State the number and type of vehicles involved in the exercise. Give the number, followed by the common name of the vehicle, followed by the military designation in parenthesis: Example:
150 Tanks(100 M1A1 and 50 MI)
100 Tracked Vehicles(50 APC and 50 Bradley Fighting Vehicles)
50 Wheeled Trucks(25 two and a half ton trucks and 25 five ton trucks)
200 Wheeled Vehicles(HMMV)

E: State the amount of fuel that will be brought to the exercise: State the total volume(in gallons) of fuel that will be brought in for the exercise.

1.State how fuel will be delivered: Will it be delivered by HEMMT, air drop, etc?

2.State where fuel will be stored: Will it be stored in blivots or fuel tanker trucks(state size of tanker trucks)?

3.State where fueling will take place: Will fueling take place in TA or on a fueling pad? Give grids if possible.

4.State the contact person for the spill response team: State the name, rank, and means of contacting(phone number, etc) of contact person in case of fuel spill.

a.State how spills will be contained: State spill containment plan.

b.State how using unit will reimburse WHFRTC for spill cleanup if needed: Will you use a MIPR(DD-448)?

F: State the excavation requirements for the Exercise: State what excavations will be done.

1.State the type and number of positions to be dug: Will you dig fighting positions, tank pits, force protection berms, etc, and how many?

2.State length, width and depth of dig: State dimensions of digs.

3.State location of dig: State TA and grids of all digs.

4. State how excavation site will be recovered: Give description of how dig sites will be remediated upon completion of exercise.

G: State how much noise the exercise will generate: Give a complete list of major noise causing equipment and supplies(firing of blanks, etc.).

H: State the type and amount of explosive ordinance to be used: Give a complete list of amounts of explosive ordinance that will be used for the exercise.

1.Will blanks be fired: YES NO

2.Will there be night firing: YES NO

3.Will flares be used: YES NO

4.Will pyrotechnics be used: YES NO

I: State plan for handling any hazardous materials used for, or generated during the exercise: Give a thorough plan for handling any hazardous materials from the exercise, if applicable.

3. In “ANTICIPATED START DATE AND DURATION OF ACTION”, state the beginning and end dates of the exercise.

Signed: _____
Type/print name and title

Date: _____

4. This REC is governed by the Freedom of Information Act and a copy of it will be made available to any person asking for it. The description of proposed action has to be complete and accurate. Do not include confidential information.
